SECOND OPINION SERVICES

WorldCare International delivers reliable online medical consultations, second opinions and much more for your employees through the WorldCare ACCESS service. With operations worldwide Worldcare services cover the full continuum of care. Through their unique relationship with top-ranked hospitals, they are able to provide services ranging from answering basic medical questions, confirming diagnosis, providing treatment plan guidance and much more. Worldcare Access eliminates the hassle of calling or visiting doctors' offices or hospitals to collect records or waiting to be seen for a second opinion.

How It Works

The WorldCare ACCESS service is here when you need it most.

It's a simple three-step process:

- Step 1 Employee would call WorldCare to initiate service.
- Step 2 WorldCare works with your employee's doctor(s) to gather medical records and send them to the medical institutions best suited to review your case.
- Step 3 The specialists review the records and diagnostic material and provide an independent second opinion to your employee's doctor.
